IAIE Inviting School Award Application Instructions

Schools interested in applying for the Inviting School Award should first become an Institutional Member of IAIE. The next step is to administer a Stakeholder Survey. The disaggregated survey data will help you identify areas to focus on in your implementation of IE.

Submit an Inviting School Portfolio by April 15th for a May notification or by May 15th for a June notification. The portfolio should meet the criteria set forth in the Inviting School Award Guide.

Schedule and host an assessment visit by IAIE representatives. This should be completed by April 15th for May notification, or by May 15th for June notification.

The Inviting School Awards are offered annually. Schools are encouraged to take at least 1 1/2 years to complete the award process. If you find you need more time, you may postpone the completion of your award until the following year. We encourage you to focus on the process, as that will reap the most benefits.
